THIS CODE OF REGULATIONS, hereinafter referred to as the “Regulations” is adopted by the Founders of the **VIRTUAL AIR TRAFFIC SIMULATION NETWORK**, hereinafter referred to as “VATSIM.net” this 27th day of July, 2001.

WHEREAS VATSIM.net is an organization founded to provide the worldwide flight simulation community with structured air traffic control services via the internet by utilizing approved client software programs; and

WHEREAS VATSIM.net wishes to formally structure its organization and operations;

NOW THEREFORE, the Founders of VATSIM.net do hereby enact the following Code of Regulations.

ARTICLE I. MEMBERSHIP

§1.01 Membership

- A. Requirements:** VATSIM.net is open for membership to all individuals who have reached the age of thirteen (13) years old or older. In addition, membership is available to all individuals regardless of race, creed, color or nationality. Members should be able to converse and/or provide air traffic control services in English, the internationally accepted official language for air traffic control.
- B. Fees:** VATSIM.net does not charge any fees to apply for or to retain membership in the organization. In addition, no member of VATSIM.net may request money or charge fees as a prerequisite to advancing an individual in rank and no member may offer to pay money or a fee to another in order to secure an advancement in rank. In addition, no individual or entity is permitted to resell or make any commercial or non-commercial use of the VATSIM.net network which involves the payment of money or goods to said individual or entity or such party’s designee without the prior written consent of the VATSIM.net Founders or their designated agent. The prohibitions set forth in this paragraph expressly include any and all sales and/or solicitations of money, goods and services no matter for what purpose, person, group or cause, without limitation. Individuals violating these rules, regardless of their rating, may be subject to immediate and summary permanent expulsion from VATSIM.net.
- C. Application:** Prospective members will be required to make their application for membership over the Internet at the VATSIM.net web site. Applications must be fully completed pursuant to the instructions and the rules and regulations located on the application web page(s).
- D. Certificates and Password:** Upon acceptance by VATSIM.net of a membership application, a member will be assigned a unique certificate number and a password, both of which will be required to be provided as part of the login process to the VATSIM.net network.

- E. Terms of Usage:** By entering a certificate and password and logging onto the VATSIM.net network, a member agrees to be bound and to abide by the “Terms of Usage” which appear at the time of each login to the network. These “Terms of Usage” will also be made available for inspection at the VATSIM.net web site. Violations of the “Terms of Usage” may result in suspension of login privileges and/or expulsion from VATSIM.net.
- F. Code of Conduct:** By entering a certificate and password and logging onto the VATSIM.net network, a member agrees to abide by the Code of Conduct which has been duly adopted by VATSIM.net as may be modified from time to time. This Code of Conduct will be made available for inspection at the VATSIM.net web site. Violation of any of the provisions of the Code of Conduct may result in suspension of login privileges and/or expulsion from VATSIM.net.
- G. Ratings:** Upon acceptance by VATSIM.net of a membership application, a member will be assigned a rating of Pilot/Observer. If a member wishes to provide air traffic control services, he or she must contact the region to which they have been assigned for details on training, testing and promotion to the appropriate rating. Notwithstanding any rules adopted by the VATSIM.net Board of Governors (as created herein by Article II.) to the contrary, VATSIM.net will employ the following ratings system, listed highest to lowest:

The rules and requirements for application, testing and advancement are to be determined and adopted by the various divisional directors, regional directors and ARTCC/FIR chiefs, subject to the general guidelines adopted by and the oversight of the VATSIM.net Board of Governors.

Except as otherwise stated in this Rule, once achieving one of the ratings set forth in Article I., §1.01(G) above, a Member shall not be subject to a lowering of his or her rating (commonly referred to as a “downgrade”) unless it is pursuant to one of the following:

The VATSIM.net Board of Governors will conduct meetings according to the rules of this section.

A. Board of Governors Quarterly Meetings: The Board of Governors shall hold meetings at least once every three months (i.e. on a quarterly basis). It shall be the duty of the President to notify all Board of Governors members and VATSIM.net Founders, pursuant to the terms of Article IV. herein, by either mail service or via electronic mail (e-mail) of the date, time and location of the Board of Governors quarterly meeting. Service of notice of the quarterly meeting upon members of the Board of Governors and VATSIM.net Founders shall be completed at least fourteen

- (14) days prior to the scheduled time of the meeting. The Board of Governors Quarterly Meeting may be convened at any location designated by the Board of Governors including over the internet. The President shall preside over all Board of Governors Quarterly Meetings. In the event that the President is unable to attend or otherwise preside, then the Vice President of Operations shall preside over such meeting. In the event that the Vice President of Operations is unable to attend or otherwise preside, then a majority of the Vice Presidents present at such quarterly meeting shall elect one of the members present to preside over the meeting.
- B. Board of Governors Special Meetings:** The Board of Governors may, from time to time, hold special meetings which take place in between quarterly meetings. Special meetings may be called by the President or any two Vice Presidents. Special meetings are reserved to matters requiring immediate attention and which cannot be tabled until the next quarterly meeting. As such, special meetings are exempted from the public notice requirements which must be met for quarterly Board of Governors meetings. It shall be the duty of the President or one of the two Vice Presidents to notify all Board of Governors members and VATSIM.net Founders, pursuant to the terms of Article IV. herein, by either mail service or via electronic mail (e-mail) of the date, time and location of any special meeting of the Board of Governors. Service of notice of special meetings upon members of the Board of Governors and VATSIM.net Founders shall be completed at least one (1) day prior to the scheduled time of the meeting. Special meetings may be convened at any location designated by the Board of Governors including over the internet. The President shall preside over all Board of Governors Special Meetings. In the event that the President is unable to attend or otherwise preside, then the Vice President of Operations shall preside over such meeting. - C. Agenda:** The President will set the Agenda for all quarterly meetings of the Board of Governors. The Agenda for quarterly meetings shall be made public by posting on the VATSIM.net website in the same location as the announcement of the quarterly meeting. It shall be the duty of the President to supply all members of the Board of Governors and VATSIM.net Founders with a final copy of the agenda for a quarterly meeting at least three (3) days prior to the scheduled time of the meeting. It shall be the duty of the President or one of the two Vice Presidents, when practical, to supply all members of the Board of Governors and VATSIM.net Founders with a final copy of the agenda for any special meetings prior to the scheduled time of such a meeting. The Agenda of the meeting shall be considered in such order as the President or a majority of the members of the Board of Governors deem advisable and expedient.
- D. Minutes and Voting Records:** Minutes and the voting records of all quarterly and special meetings will be kept by the individual who has been elected secretary for a meeting. As soon as practical after adjournment of any quarterly or special meeting of the Board of Governors but in no event greater than fourteen (14) days thereafter, the secretary shall prepare the minutes and forward to all members of the Board of Governors for approval. In addition, the secretary is required to serve a copy of the minutes upon each of the VATSIM.net Founders. Upon a majority of the Board of

Governors voting to approve the minutes, they will be made public by posting on the VATSIM.net website.

- E. Conduct of Meetings:** A quarterly or special meeting of the Board of Governors shall follow the Agenda for the meeting as set forth by the President or a majority of the members of the Board of Governors. There may be a general discussion of any agenda item after which no action need be taken. If a member of the Board of Governors wishes to have a particular item brought up for a vote, then such member shall place a motion on the floor. Before a vote may be taken, there must be a second to the motion and the President or other member presiding over the meeting must allow for discussion on the motion to take place. If such discussion becomes repetitive, argumentative, or otherwise unproductive or time consuming, then the President or other member presiding over the meeting may, in his or her discretion, terminate the discussion and take a vote on the motion.
- F. Executive Session:** The Board of Governors may, from time to time, find it necessary to discuss matters which are of a sensitive nature and cannot be made public. For any discussion of such nature, the Board of Governors is vested with the authority to enter into an Executive Session during the course of any quarterly or special meeting. A majority of the members of the Board of Governors present at a quarterly or special meeting must vote in favor of entering into an Executive Session. Executive Sessions are exempt from the public Minutes and Voting requirements set forth in Article II., §2.07 (D). The nature of discussion and any votes taken during an Executive Session must, however, be immediately disclosed to the Founders upon request.
- G. Quorum:** At any meeting, either quarterly or special, of the Board of Governors, there shall be present at least five (5) members in order to constitute a quorum of the Board of Governors. If there are less than five (5) members present, then any such number less than five (5) shall constitute a quorum for the sole purpose of adjourning the meeting from time to time without notice other than announcement at such meeting, until a quorum competent to act on any matter or proposal is present. The act of a majority or greater proportion (if one is required by these rules) of the members present at a meeting at which a quorum is present shall be deemed to be an act of the Board of Governors.
- H. Voting Power:** A member of the Board of Governors, including the individual elected as President of the Board of Governors, shall have one vote for any single matter which is brought before the Board for vote unless said member is casting a vote by proxy pursuant to the rules set forth in Article II., §2.07 (I).
- I. Voting by Proxy:** Any member of the Board of Governors may be represented at any meeting of said Board, be it quarterly or special, and may vote by proxy or proxies. A proxy may be granted by a Board of Governors member only to another Board of Governors member, a member of the VATSIM.net Executive Committee (as created by Article III hereunder) or to a VATSIM.net Founder. Proxies may be “full proxies” indicating that the holder of the proxy may vote on any and all items up for vote on the agenda for the meeting. Proxies may also be “limited proxies” indicating that the proxy is limited to a particular item or items on the agenda for a meeting. If a limited proxy is being granted, then the member of the Board of Governors granting the

proxy must specifically list the items to which he or she is limiting the grant of proxy. Unless specifically limited, proxies shall be considered to be “full proxies”.

Proxies may be evidenced in one of the following ways:

1. If a Board of Governors member is unable to attend a meeting and wishes to grant a full proxy or a limited proxy, then such proxy must be evidenced by an instrument in writing sent to the current President of the Board of Governors by regular or electronic mail prior to the scheduled date and time of a meeting before the person designated and authorized by the proxy or proxies may vote thereunder. If the proxy is granted to the President of the VATSIM Board of Governors, then the regular or electronic mail must be sent to the Vice President of Operations on the VATSIM Board of Governors prior to the scheduled date and time of a meeting before the person designated and authorized by the proxy or proxies may vote thereunder.
2. If a Board of Governors member attends a meeting but is unable to stay for the full length, then he or she may grant a proxy for any or all items remaining for vote on the agenda for said meeting. Such member shall announce that he or she desires to grant a proxy and shall designate the person authorized to vote pursuant to said proxy. If a limited proxy is being granted, then the member of the Board of Governors granting the proxy must specifically list the items to which he or she is limiting the grant of proxy. Unless specifically limited, proxies shall be considered to be “full proxies”. This grant of proxy shall be entered into the minutes of the meeting.

The proxy shall expire upon the conclusion of the meeting unless the member executing it shall have specified therein the length of time it shall continue in force. A proxy may be revoked by the member executing it at any time prior to the taking of a vote by the Board of Governors and such revocation may be made orally or in writing. The presence at a meeting of the person appointing a proxy does not revoke the proxy.

- J. Majority and Super-Majority Voting Requirements:** Unless otherwise required by these Regulations, a simple majority of the members present at any meeting of the Board of Governors at which a quorum is present shall be required to pass or reach a determination on any matter or proposal before the Board. Notwithstanding the majority voting and quorum requirements, the following matters must be passed or otherwise determined by a two-thirds (2/3) majority of all twelve (12) members of the Board of Governors:
1. Vote to hold a hearing on the suspension and/or removal of any member of the VATSIM.net Executive Committee and any votes taken during such hearing;
 2. Amendments or deletions or modifications to this Code of Regulations.
- K. Committees:** The Board of Governors is vested with the authority to, from time-to-time, authorize or appoint standing committees with such membership, powers and duties as may be deemed necessary or advisable in conducting the activities and affairs of VATSIM.net. Any and all such committees must be comprised of at least

three (3) individuals one of whom must be a member of the Board of Governors. The Board of Governors may also appoint other individuals who may or may not be members of VATSIM.net to any standing committee created under this rule. Committees will report directly to the Board of Governors as a whole.

- A. Resignations:** All resignations of Members of the VATSIM.net Board of Governors must be submitted in writing to the current President of said Board. Announcement by resigning members should be made as far in advance as possible in order to minimize disruption of service and to allow the Board of Governors to select an interim President or Vice-President to take the place of the resigning member.
- B. Filling of Vacancies:** Upon the resignation of a President or Vice-President, the Board of Governors is vested with the authority, pursuant to Article II., §2.06 (A), to fill the position on said Board which is created by the resignation. §2.09 Board of Governors – Suspension and Removal

No part of this section of the Code of Regulations (Article II., §2.09) including any of its sections or subsections may be modified in any way by subsequent vote of the Board of Governors without the prior written approval of the Founders through their designated representative(s). The Founders, as defined in Article IV. below, reserve the right to direct the Board of Governors to amend any part of this section of the Code of Regulations accordingly and the Board of Governors is bound to make any and all such directed amendments.

This section sets forth the procedure which must be followed with regards to charges seeking suspension or removal of a member of the Board of Governors.

A. Founder’s Hearing on Charges

- 1. Presentation of Charges:** A member of the VATSIM.net Board of Governors suspected of improper conduct that may be at variance with this Code of Regulations or for any type of abusive and/or illegal conduct towards any members or users of the VATSIM.net network must be so charged by at least two other members of the Board. The charges must be made in writing and should

provide enough detail so that the alleged improper conduct can be readily identifiable. These written charges must be served via e-mail to the members of the Board of Governors, the accused member and the VATSIM.net Founders.

2. Answer to Charges by Accused Member: The accused member shall have fifteen (15) days after receipt of the charges to respond in writing. This response need not be detailed and a general denial of the charges shall be considered a sufficient response. The response must be served via e-mail to the Board of Governors, the charging members and the VATSIM.net Founders.
3. Founders Hearing on the Charges: The VATSIM.net Founders shall then schedule a hearing on the charges. The date and time of this hearing shall not be set prior to the expiration of the fifteen (15) day period which the accused member has to answer the charges nor shall it be set greater than thirty (30) days from the date of receipt of the charges or the service of an answer to the charges by an accused member, whichever is later.
 - a. Founders Panel: Three (3) Founders shall be randomly selected to sit on a panel which will hear the charges. No Founder who is also a Board of Governors member is eligible to sit on this panel. In the event that three (3) eligible Founders cannot be found to constitute a panel, then the one or two Founders who are available shall randomly select one or two individuals from the members of the Executive Committee (as created by Article III. hereunder) to complete the panel. This panel shall preside over and shall set forth the rules for the conduct of this meeting. In addition, the panel shall set forth any specific procedures to be followed at this special meeting in addition to the general procedures discussed below.
 - b. General Procedure: One of the members of the Board of Governors bringing the charges will present the evidence of improper conduct. The evidence presented may be in the form of the testimony of witnesses or documentation. The accused member shall have the right to cross examine any witnesses presented by the members bringing the charges. At the close of the charging members presentation, the accused member shall have the right to present any evidence in his or her own defense. The evidence presented may be in the form of the testimony of witnesses or documentation. The charging members shall have the right to cross-examine any witnesses presented by the accused members. It shall be within the sole discretion of the panel to allow or disallow the admission of any such evidence, to determine the credibility of such evidence and to determine what weight to assign such evidence. However, the burden of proving the charges shall always be upon the members bringing such charges. At the close of the accused member's presentation, each of the parties may make a brief closing argument after which the presentation of testimony to the panel will end.
 - c. Founder's Panel Deliberation: The panel, after closing arguments, will then enter into private deliberation and thereafter conduct a private vote on the suspension and/or expulsion of the accused member. No one will be

permitted to enter into deliberation or to cast a vote on the matter of the member's suspension or removal other than the panel members.

- d.** Founder's Panel Decision: In order to suspend and/or expel an accused member, the vote of the panel must be unanimous. In the event of a unanimous decision, the terms of any such suspension or removal shall be in the sole discretion of the panel. In addition, any such unanimous decision shall be final and the parties agree to be bound by the panel's determination. If the panel is unable to reach a unanimous decision, then the charges against the accused member shall be dismissed.

- B.** Procedure after a Determination of Suspension or Expulsion: Upon the suspension or removal of an individual, the Board of Governors shall fill the vacancy created pursuant to the rules set forth in Article II., §2.08 (A) – (B).

§3.05 Executive Committee – Authority and Duties of Regional Directors

A. Authority: Upon being appointed by the VATSIM Board of Governors, a Regional Director is granted authority to organize the divisions which make up his or her region in the manner which the Regional Director sees fit. This authority includes, but is not limited to, the following:

1. The discretion to structure the divisions which make up the region;
2. The discretion to make the day-to-day decisions regarding operations on a regional basis;
3. The discretion to appoint individuals as divisional directors and/or heads of the divisions which constitute his or her region;
4. The discretion to establish qualifications for positions of divisional directors and/or heads of divisions which constitute his or her region; and
5. The discretion to appoint assistants as needed to aid in carrying out the duties of the Regional Director's office;

This authority is subject to review by the VATSIM Board of Governors. However, absent any showing of abuse of discretion by a Regional Director in the exercise of this authority, the decisions made by a Regional Director pursuant to this section shall not be modified or overturned by the VATSIM Board of Governors. The Regional Directors shall be vested with broad discretion in the exercise of the authority granted by this section. The broad powers granted to Regional Directors by this section notwithstanding, the VATSIM Board of Governors shall at all times retain the power of oversight to ensure that all duties listed in Paragraph B of this section as well as any other duties required of Regional Directors by the Code of Regulations and/or the VATSIM Board of Governors are carried out in a timely manner. Regional Directors failing to carry forth their duties in a timely manner may be subject to the terms of Article III., §3.11 of the Code of Regulations including, but not limited to, removal from the VATSIM Executive Committee.

B. Duties: Upon being appointed by the VATSIM Board of Governors, a Regional Director is under the duty to do the following:

1. Website: A Regional Director shall establish and maintain a website for his or her region. In addition, content shall be developed for the web site which shall include, at a minimum, a listing of the divisions, both active and inactive, that comprise the region, the names and e-mail addresses of the Regional Director and all staff and links to the web sites of VATSIM.net, the

Executive Committee, all divisions in the region and to the other regions which make up the Executive Committee.

2. Maintenance of Online Presence: A Regional Director has the duty to maintain an online presence so as to remain accountable to the users of VATSIM and the members of the divisions which make up his or her region. A Regional Director should spend at least one hour per week and eight hours per month logged onto the VATSIM.net network under a callsign which clearly indicates that he or she is a Regional Director and should be open to answering questions from the members. In addition, a Regional Director should, on a regular basis, make every effort to visit the various divisions making up his region while online.
3. Creation of Uniform Rules Within a Region: A Regional Director is vested with the authority to develop uniform, general rules for conduct of operations within his or her region. These general rules should be broad in nature and are subject to the provisions of Article III., §3.05 (B)(4) below. This authority would include, but is not limited to, establishment of rules for the creation and maintenance of websites by divisions, establishment of procedures for reporting promotions within a division and establishment of procedures for reporting and implementing suspensions and expulsions of members for violation any of the rules of VATSIM.net. Any such uniform rules must not be in variance with any section of the Code of Regulations.
4. Provision of Voice and Text Based ATC Services: Providing air traffic control services via voice is the preferred method of communication on VATSIM. Therefore, a Regional Director must ensure that there shall be no rules in his or her region preventing or otherwise restricting the use of voice by air traffic controllers and there shall be no special requirements to use voice in order to provide air traffic control services for any type of facility within a region. However, since not all pilots use voice to communicate with ATC, a Regional Director must also require that all divisions making up his or her region ensure that controllers are properly trained in the provision of text-based air traffic control services and that no division creates any rules or policies which result in pilots who use text being less favored in any manner than those using voice.
5. Establishment of a Regional Conflict Resolution Panel: A Regional Director shall establish a Regional Conflict Resolution Panel, as defined in Article VI. of this Code of Regulations. The Regional Conflict Resolution Panel shall conduct itself pursuant to the terms of Article III., §3.10 and Article VI. below.
6. Delegation of Authority: A Regional Director should not attempt to dictate or run all aspects of day-to-day operations in the divisions which comprise his or her region. Therefore, a Regional Director has a duty to delegate authority to the heads of the divisions making up his or her region and should grant such individuals broad discretion to run the day-to-day operations within their division, subject to any uniform general rules in place for conducting

operations throughout the entire region. The exercise of this authority by the heads of the divisions is subject at all times to review by the Regional Director. However, absent any showing of abuse of discretion in the exercise of this authority, the decisions made by a head of a division within a region shall not be modified or overturned by the Regional Director.

7. Mitigation of Disputes Between and Within Divisions: In the event of a dispute between two or more divisions within his or her region or among individuals within a particular division within his or her region, a Regional Director has the duty to mitigate such dispute to the point of resolution. In the event that mitigation fails, the Regional Director is vested with the authority to resolve such dispute by rendering a decision. Any such decision made by a Regional Director shall be final and binding upon the parties and, absent a showing of abuse of discretion on the part of the Regional Director, shall not be overturned or modified by the VATSIM Board of Governors.
8. Providing Administrative Access: A Regional Director must ensure that all members of VATSIM.net who have a rating of Administrator or higher are granted access privileges to all regional, divisional and local level forums, newsgroups, mailing lists, discussion groups and other such staff discussion forums which are set up by staff immediately upon the creation of such discussion groups or upon request. The Regional Director has no discretion to deny any such request and shall direct all regional, divisional and local level staff to immediately grant such access.
9. Provision of ATC Services: A Regional Director shall ensure that his or her division puts into place policies and staff which result in the widest possible ATC coverage for the pilots of VATSIM. In addition, a Regional Director shall ensure that no policy is put into place which either adversely affects the overall staffing of the airspace delegated to them or impedes the growth of facilities in his or her region. Furthermore, a Regional Director shall provide to the VATSIM Board of Governors periodic reports, as directed by said Board, on all steps taken to ensure such coverage and growth of his or her region.

§3.06 Executive Committee – Ratings

Members of the Executive Committee shall have an Administrator's (ADM) rating in VATSIM.net. In the event of the resignation, retirement or other replacement including, but not limited to, the procedure set forth in Article III., §3.11 of the Code of Regulations, such member of the Executive Committee shall be deemed to voluntarily relinquish his or her Administrator's rating. In such event, a former member shall return to the rating which was previously held immediately prior to the receipt of an Administrator's rating. If a former member previously held a rating of Supervisor, then they shall be required to affirm in writing to the VATSIM Board of Governors Vice President of Supervisors that they are willing and otherwise prepared to assume all duties required of the position of Supervisor prior to being downgraded to that particular rating.

If they fail to so affirm in a timely manner, then they shall be downgraded to the ATC rating which was previously held immediately prior to the receipt of their Supervisor's rating. If it has been established that a former member has independently earned a ratings upgrade as a result of ATC testing while a member of the Executive Committee, then they shall be downgraded to such rating as has been attained. The rules of this section shall not apply to Founders as defined in Article IV. of the Code of Regulations.

§3.07 Executive Committee – Access to VATSIM Ratings File and Member Database

A Regional Director may, in the sole discretion of the VATSIM Board of Governors, be permitted to have access to the VATSIM Ratings File and Member Database. Such access shall be limited to those portions of the VATSIM Ratings File and Member Database which relate to the particular region which a Regional Director heads. A Regional Director shall access the VATSIM Ratings File and Member Database for purposes of promotion of the rating of a member of a division which is in his or her region and for any other purpose which may be authorized by the VATSIM Board of Governors.

Access to the VATSIM Ratings File and Member Database is restricted solely to the Regional Director. The ability and/or right to access the VATSIM Ratings File and Member Database may not be transferred or otherwise given to any other person or entity. A Regional Director may not allow a staff assistant to access the VATSIM Ratings File and Member Database unless said Regional Director has first received the approval of the VATSIM Board of Governors.

The Executive Committee Quarterly Meeting may be convened at any location designated by the Executive Committee including over the internet. The Chairman shall preside over all Executive Committee Quarterly Meetings. In the event that the Chairman is unable to attend or otherwise preside, then he or she shall designate another Regional Director who shall preside over such meeting or a majority of the Regional Directors

- in attendance at such quarterly meeting shall elect one of the members present to preside over the meeting.
- B. Executive Committee Special Meetings:** The Executive Committee may, from time to time, hold special meetings which take place in between quarterly meetings. Special meetings may be called by the Chairman or any two Regional Directors. Special meetings are reserved to matters requiring immediate attention and which cannot be tabled until the next quarterly meeting. As such, special meetings are exempted from the public notice requirements which must be met for quarterly Executive Committee meetings. It shall be the duty of the Chairman or one of the two Regional Directors to notify all Executive Committee members and VATSIM.net Founders, pursuant to the terms of Article IV. herein, by either mail service or via electronic mail (e-mail) of the date, time and location of any special meeting of the Executive Committee. Service of notice of the Special meeting upon members of the Executive Committee and VATSIM.net Founders shall be completed at least one (1) day prior to the scheduled time of the meeting. - C. Agenda:** The Chairman will set the Agenda for all quarterly meetings of the Executive Committee. The Agenda for quarterly meetings shall be made public by posting on the Executive Committee's website in the same location as the announcement of the quarterly meeting. It shall be the duty of the Chairman to supply all Regional Directors and VATSIM.net Founders with a final copy of the agenda for a quarterly meeting at least three (3) days prior to the scheduled time of the meeting. It shall be the duty of the Chairman or one of the two Regional Directors, when practical, to supply all members of the Executive Committee and VATSIM.net Founders with a final copy of the agenda for any special meetings prior to the scheduled time of such a meeting. The Agenda of the meeting shall be considered in such order as the Chairman or a majority of the members of the Executive Committee deem advisable and expedient.
- D. Minutes and Voting Records:** Minutes and the voting records of all quarterly and special meetings will be kept by the individual who has been elected secretary for a meeting. As soon as practical after adjournment of any quarterly or special meeting of the Executive Committee but in no event greater than fourteen (14) days thereafter, the secretary shall prepare the minutes and forward to all Regional Directors comprising the Executive Committee for approval. In addition, the secretary is required to serve a copy of the minutes upon each of the VATSIM.net Founders. Upon a majority of the Executive Committee voting to approve the minutes, they will be made public by posting on the Executive Committee's website.
- E. Conduct of Meetings:** A quarterly or special meeting of the Executive Committee shall follow the Agenda for the meeting as set forth by the Chairman or a majority of the members of the Executive Committee. There may be a general discussion of any

- agenda item after which no action need be taken. If a member of the Executive Committee wishes to have a particular item brought up for a vote, then such member shall place a motion on the floor. Before a vote may be taken, there must be a second to the motion and the Chairman or other member presiding over the meeting must allow for discussion on the motion to take place. If such discussion becomes repetitive, argumentative, or otherwise unproductive or time consuming, then the Chairman or other member presiding over the meeting may, in his or her discretion, terminate the discussion and take a vote on the motion.
- F. Executive Session:** The Executive Committee may, from time to time, find it necessary to discuss matters which are of a sensitive nature and cannot be made public. For any discussion of such nature, the Executive Committee is vested with the authority to enter into an Executive Session during the course of any quarterly or special meeting. A majority of the members of the Executive Committee present at a quarterly or special meeting must vote in favor of entering into an Executive Session. Executive Sessions are exempt from the public Minutes and Voting requirements set forth in Article III., §3.08 (D). The nature of discussion and any votes taken during an Executive Session must, however, be immediately disclosed to the Board of Governors and/or the Founders upon request.
- G. Quorum:** At any meeting, either quarterly or special, of the Executive Committee, there shall be present at least four (4) members in order to constitute a quorum of the Executive Committee. If there are less than four (4) members present, then any such number less than four (4) shall constitute a quorum for the sole purpose of adjourning the meeting from time to time without notice other than announcement at such meeting, until a quorum competent to act on any matter or proposal is present. The act of a majority or greater proportion (if one is required by these rules) of the members present at a meeting at which a quorum is present shall be deemed to be an act of the Executive Committee.
- H. Voting Power:** A member of the Executive Committee, including the individual elected as Chairman, shall have one vote for any single matter which is brought before the Executive Committee for vote unless said member is casting a vote by proxy pursuant to the rules set forth in Article III., §3.08 (I).
- I. Voting by Proxy:** Any member of the Executive Committee may be represented at any meeting of said Committee, be it quarterly or special, and may vote by proxy or proxies. A proxy may be granted by a Regional Director only to another Executive Committee member, a member of the VATSIM.net Board of Governors or to a VATSIM.net Founder who has agreed to attend said meeting. Proxies may be “full proxies” indicating that the holder of the proxy may vote on any and all items up for vote on the agenda for the meeting. Proxies may also be “limited proxies” indicating that the proxy is limited to a particular item or items on the agenda for a meeting. If a limited proxy is being granted, then the member of the Executive Committee granting the proxy must specifically list the items to which he or she is limiting the grant of proxy. Unless specifically limited, proxies shall be considered to be “full proxies”.

Proxies may be evidenced in one of the following ways:

1. If a Regional Director is unable to attend a meeting and wishes to grant a full proxy or a limited proxy, then such proxy must be evidenced by an instrument in writing sent to the current Chairman of the Executive Committee by regular or electronic mail prior to the scheduled date and time of a meeting before the person designated and authorized by the proxy or proxies may vote thereunder.
2. If an Executive Committee member attends a meeting but is unable to stay for the full length, then he or she may grant a proxy for any or all items remaining for vote on the agenda for said meeting. Such member shall announce that he or she desires to grant a proxy and shall designate the person authorized to vote pursuant to said proxy. If a limited proxy is being granted, then the member of the Executive Committee granting the proxy must specifically list the items to which he or she is limiting the grant of proxy. Unless specifically limited, proxies shall be considered to be “full proxies”. This grant of proxy shall be entered into the minutes of the meeting.

The proxy shall expire upon the conclusion of the meeting unless the member executing it shall have specified therein the length of time it shall continue in force. A proxy may be revoked by the member executing it at any time prior to the taking of a vote by the Executive Committee and such revocation may be made orally or in writing. The presence at a meeting of the person appointing a proxy does not revoke the proxy.

- J. Majority and Super-Majority Voting Requirements:** Unless otherwise required by these Regulations, a simple majority of the members present at any meeting of the Executive Committee at which a quorum is present shall be required to pass or reach a determination on any matter or proposal before the Regional Directors.
- K. Committees:** The Executive Committee is vested with the authority to, from time-to-time, authorize or appoint standing committees with such membership, powers and duties as may be deemed necessary or advisable in conducting the activities and affairs of the Executive Committee. Any and all such committees must be comprised of at least three individuals one of which must be a member who is a Regional Director on the Executive Committee. The Executive Committee may also appoint other individuals who may or may not be members of VATSIM.net to any standing committee created under this rule. The Chairman of the Executive Committee shall be an Ex-Officio Member of all such standing committees. Committees will report directly to the Executive Committee as a whole.

For purposes of this Article, the Divisional Conflict Resolution Manager shall be hereinafter referred to as the "DCRM".
1. Initial Notification Requirements of the DCRM: The DCRM shall, upon referral of the matter, send a notice to the accused member by e-mail which notifies said member of the referral and shall include, at a minimum, the date of the referral to the DCRM, a statement advising that the accused member has ten (10) days from said referral date to submit written statements to the DCRM, a statement that the accused member has a right to request, in writing, copies of any written evidence gathered by the DCRM in the course of his or her investigation and the email address of DCRM along with a statement instructing that any written evidence must be submitted to that particular e-mail address.

This investigation shall consist of gathering written statements from the individual recommending formal suspension or expulsion and any other parties to the alleged incident, including the accused member who has the right to address the DCRM in writing. Any evidence gathered must be in written form. The accused member has the right, upon written request, to review all written documents and statements which have been gathered by the DCRM in the course of his or her investigation. The DCRM shall then review all evidence which has been gathered for the purpose of rendering a decision to either impose a formal suspension or expulsion of the accused member or to acquit such accused member of the charge(s).
 3. Extension of Temporary Suspension Period: The DCRM has the power to extend the temporary suspension period imposed under Article VI., §6.06 while he or she conducts the investigation into the alleged misconduct of the temporarily

For purposes of this rule, the thirty (30) day period begins on the day of receipt of referral and includes Saturdays, Sundays and legal holidays. If a final decision is not rendered within the thirty (30) day time period, the case against the accused member shall be dismissed and may not be refilled under any circumstances.
 - a. Accused Member's Evidence: Any evidence which is submitted by the accused member to the DCRM must be received within ten (10) days of the date of referral. For purposes of this rule, the ten (10) day period begins on the day of receipt of referral and includes Saturdays, Sundays and legal holidays. The DCRM may, upon good cause shown, extend this time period.
5. Reaching a Decision: The DCRM shall review all the evidence gathered in his or her investigation and shall then render a decision to either impose a formal suspension or expulsion of the accused member or to acquit such accused member of the charge(s). If a finding of guilty is reached, then the DCRM shall impose a penalty which shall be either a formal suspension for a fixed period of time or permanent expulsion. If a finding of not guilty is reached, then the accused member shall be acquitted and full membership privileges including rating shall be immediately restored.
 - a. Penalty: The DCRM has the authority to impose, in his or her sole discretion, any penalty he or she deems fit in a particular case. These penalties include, but are not limited to:
 - i. Imposing a formal suspension period of any length including the time of suspension which has been served by the guilty member; or
 - ii. Permanently expelling the member; or
 - iii. Reducing the rating of the member; or
 - iv. Any combination of penalties.

In the event of the imposition of a formal suspension, the DCRM shall give credit against the overall suspension for any days served under a temporary suspension period.

6. Notification of Decision: The DCRM will reduce his or her decision to writing and shall provide it to the Divisional Director, the Regional Director, the Vice President of Conflict Resolution on the VATSIM.net Board of Governors, the Vice President of Supervisors on the VATSIM.net Board of Governors and to the member. In the event of a guilty determination, this notice shall also include the date upon which a determination of guilty was reached and the expiration date of

any formal suspension period which has been imposed. The notice sent by the DCRM to the member shall also include a statement advising that the member has a right to appeal the decision to the Regional Conflict Resolution Panel which must be exercised within ten (10) days of date of the notice and the e-mail address to which an appeal must be made. For purposes of this rule, the ten (10) day period begins on the date of the notice and includes Saturdays, Sundays and legal holidays.

7. Preserving the Record: Any and all written evidence gathered by the DCRM must be preserved for purposes of appeal rights taken by a guilty member pursuant to the terms of this Article Code of Regulations.
- B. Appeal to the Regional Conflict Resolution Panel**: A member who receives a formal suspension or expulsion as a result of a DCRM investigation has the right to appeal such formal suspension or expulsion to the region’s Regional Conflict Resolution Panel, hereinafter referred to as the “RCRP”. Each of the seven regions which comprise VATSIM shall create one or more RCRPs. In the event that the suspended or expelled member was not assigned to a division, then the appeal shall be made to the RCRP of the region containing the division which was assigned the case pursuant to the terms of Article VI., §6.07(A).
1. Timely Appeal: An appeal to the RCRP must be made within ten (10) days of receipt of notice of the decision of Divisional Conflict Resolution Manager. The appeal must be made in writing to the e-mail address provided in the notification of decision of the Divisional Conflict Resolution Manager. For purposes of this rule, the ten (10) day period begins on the date of receipt of the decision of the Divisional Conflict Resolution Manager and includes Saturdays, Sundays and legal holidays. This time period is absolute and may not be waived under any circumstances with the exception of permanent expulsion in which case the appeal to the RCRP is automatic.
 2. Transmittal of Record: Upon receipt of a timely appeal, the RCRP shall order that the record of the Divisional Conflict Resolution Manager which consists of all written documents used by said individual in reaching his or her decision be transmitted to the RCRP. The Divisional Conflict Resolution Manager shall immediately transmit said record to the RCRP.
 3. Hearing the Appeal: The suspension or expulsion imposed by the Divisional Conflict Resolution Manager shall remain in effect pending the appeal. The RCRP shall then set a deadline for the member appealing to file any additional written appeal documents with the RCRP. Such documents may only address why the Divisional Conflict Resolution Manager erred in reaching his or her determination and cannot include any new evidence which was not presented to the Divisional Conflict Resolution Manager. The RCRP may extend this deadline for filing additional written documents upon good cause shown. At the close of this time period, the RCRP shall not accept any additional filings.
 4. The RCRP shall review the record from the Divisional Conflict Resolution Manager and any additional written documents filed pursuant to Article VI. §6.07

(B)(3). The deliberation process shall be private. Upon the conclusion of deliberation, the panel shall conduct a vote on whether to affirm, overturn or modify the Divisional Conflict Resolution Manager's decision. A majority of the panel must vote to either affirm, overturn or modify the lower decision. A modification of the Divisional Conflict Resolution Manager's decision cannot result in a greater penalty than that which is the subject of the appeal. Every member of the RCRP shall have one vote and all votes shall carry the same weight.

5. Time Limit: The RCRP must render a decision on an appeal within thirty (30) days of the filing of a timely appeal.
 6. Notification of Decision: The RCRP will reduce its decision to writing which shall include the vote result and provide it to the Divisional Conflict Resolution Manager, the Divisional Director, the Regional Director, the Vice President of Conflict Resolution on the VATSIM.net Board of Governors, the Vice President of Supervisors on the VATSIM.net Board of Governors and to the member who initiated the appeal.
 7. Decision of RCRP Final; Exceptions: The decision reached by the RCRP in a member's case shall be final with no right of appeal so long as the penalty affirmed does not exceed a formal suspension of ninety (90) days or less. In the event that the penalty affirmed by the RCRP exceeds ninety (90) days or is permanent expulsion, then the guilty member has a right to make an appeal to the VATSIM.net Board of Governors pursuant to the terms of Article VI., §6.07 (C) below.
- C. Appeal to the VATSIM.net Board of Governors: In the event that the penalty imposed by the Divisional Conflict Resolution Manager and affirmed by the RCRP exceeds ninety (90) days, then the guilty member has a right to make an appeal to the VATSIM.net Board of Governors. If the Divisional Conflict Resolution Manager has imposed a penalty of permanent expulsion which has been affirmed by the RCRP, then the VATSIM.net Board of Governors must review such penalty on appeal.
1. Timely Appeal: An appeal of a formal suspension in excess of ninety (90) days must be made within ten (10) days of receipt of notice of the decision of the RCRP. The Appeal must be made to the Vice President of Conflict Resolution on the VATSIM.net Board of Governors. For purposes of this rule, the ten (10) day period begins on the date of receipt of the decision of the RCRP and includes Saturdays, Sundays and legal holidays. This time period is absolute and may not be waived under any circumstances with the exception of permanent expulsion in which case the appeal to the Board of Governors is automatic.
 2. Transmittal of Record: Upon receipt of a timely appeal, the Vice President of Conflict Resolution shall order that the record sent to the RCRP by the Divisional Conflict Resolution Manager along with any other written documents used by said RCRP in reaching its decision be transmitted to the Board of Governors. The RCRP shall immediately transmit said record to the Vice President of Conflict Resolution.

3. Assignment of Panel: Upon receipt of the record from the RCRP, the Vice President of Conflict Resolution shall randomly select from a pool consisting of all members of the Board of Governors, including the President of said Board but excluding the Vice President of Supervisors, two (2) other individuals. These two other individuals along with the Vice President of Conflict Resolution shall form a panel which shall hear the appeal. This panel shall examine the record and shall make a determination of whether to hear the appeal or let stand the decision of the RCRP. In the event of an appeal of a permanent expulsion, the panel must review the decision of the RCRP.
4. No Absolute Right to Have Appeal Heard; Exception: The right possessed by a member found guilty and suspended in excess of ninety (90) days is only the right to make an appeal to Board of Governors. There is no absolute right to have an appeal heard. It is within the sole discretion of the VATSIM.net Board of Governors whether to hear an appeal or let stand the conclusions and the judgment of the RCRP. If the Board of Governors Appeals Panel decides not to hear an appeal and lets stand the conclusions and the judgment of the RCRP, then said Panel shall notify the RCRP and the member appealing the judgment of the RCRP by email of its decision. The sole exception to this rule is where a member has been found guilty and has been permanently expelled. Then and only in such circumstance is there an absolute right of appeal to the Board of Governors Appeals Panel. A penalty of permanent expulsion must be reviewed by the Board of Governors Appeals Panel and either affirmed, overturned or modified.
5. Hearing the Appeal: A majority of the Board of Governors Appeals Panel must vote to agree to hear the appeal. If it agrees to hear the appeal, then said Panel shall notify the RCRP and the guilty member appealing the judgment of the RCRP by email of its decision. The penalty imposed by the Divisional Conflict Resolution Manager and affirmed by the RCRP shall remain in effect pending the appeal. The Board of Governor's Appeals Panel shall then set a deadline for the member appealing to file any additional written documents. Such documents may only address why the RCRP erred in reaching its determination and cannot include any new evidence which was not presented to the Divisional Conflict Resolution Manager or the RCRP. The Board of Governors Appeals Panel may extend this deadline for filing additional written documents upon good cause shown. At the close of this time period, the Board of Governors Appeals Panel shall not accept any additional filings.
6. Deciding the Appeal: The Board of Governors Appeals Panel shall review the record from the RCRP and any additional written documents filed pursuant to Article VI. §6.07 (C)(5). The deliberation process shall be private. Upon the conclusion of deliberation, the panel shall conduct a vote on whether to affirm, overturn or modify the RCRP's decision. A majority of the panel must vote to either affirm, overturn or modify the lower decision. A modification of the RCRP's decision cannot result in a greater penalty than that which is the subject of the appeal. Every member of the Board of Governors Appeals Panel shall have one vote and all votes shall carry the same weight.

7. Time Limit: The Board of Governors Appeals Panel must render a decision on an appeal within sixty (60) days of the filing of a timely appeal.
8. Notification of Decision: The Board of Governors Appeals Panel will reduce its decision to writing which shall include the vote result and provide it to the RCRP, the Divisional Conflict Resolution Manager, the Regional Director, the Divisional Director, the Vice President of Supervisors on the VATSIM.net Board of Governors and to the member who has initiated the appeal.
9. Decision of Board of Governors Appeals Panel Final: The decision reached by the Board of Governors Appeals Panel in a member's case shall be final with no right of further appeal.
